

# Did You Know...?

**Delta SEE (Science & Everyday Experiences)** has designed a versatile educational tool combining mathematics, science, and technology facts while providing biographical information on African-American scientists and other role models to assist parents and caregivers in engaging their children in learning while playing.

The *Did You Know...?* Fact cards make a wonderful gift for the young people in your family, community group or school. With a donation of \$5 (plus shipping and handling) to Delta SEE, a deck of these unique cards can be yours.

## ORDER FORM

Name: \_\_\_\_\_
